

*This particular design has been in works for almost 5 years, five years! For baby shoes, it is most convenient for both the parent & the wearer if they are made with elastic bands for the easy "on and off". Based on this philosophy, the Baby Ballet Shoes was originally designed to be an adorable yet practical pair of beauties. Personally, I preferred the designs to be best materialized with solid color fabrics. Out of the 3 different samples created, the purple sample was shot on top of a black table resulting in a truly unique product shot. Don't you think so as well?*

**FINISHED SIZE: US BABY'S 1-5**

## **BABY BALLET SHOES**

# BABY BALLET SHOES

## FINISHED SIZE: US BABY'S 1-5

This particular design has been in the works for almost 5 years, five years! For baby shoes, it is most convenient for both the parent & the wearer if they are made with elastic bands for the easy "on and off". Based on this philosophy, the Baby Ballet Shoes were originally designed to be an adorable yet practical pair of beauties. Personally, I think this designs is best materialized with solid colored fabrics. Out of the 3 different samples created, the purple sample was shot on top of a black table resulting in a truly unique product shot. Don't you think so as well? *Designer's Review*

## MATERIAL LIST

### FABRIC

44" wide heavyweight home decorator OR quilting weight cotton  
(1/4) Yard for exterior fabric  
(1/4) Yard for lining

### INTERFACING

(1/4) Yard of 44" wide medium weight fusible interfacing

### NOTE:

- \*No seam allowance is needed for the interfacing
- \*Non-skid soles and other non-skid materials are recommended for the exterior sole piece
- \*CAUTION: Small children may choke on beads, buttons, and other small pieces if they come loose
- \* Seam allowance 1/4" unless otherwise specified.
- \* All units are in inches.
- \* Backstitch at the start and end points.

## TOOL LIST

Ruler, Scissors, Chalk pencil, Pencil, Sewing machine, Pins, Needle, Shape tool

### OTHERS

1 Spool of coordinating thread  
12" of 1/4" width elastic band

### Printing:

Because our patterns are on PDF files, the pages may be scaled prior to printing, depending on the printer and print driver. To ensure that the shoes pattern prints in the correct size, set the margins on zero before printing the pattern.

To do so, select "None" from the "Page Scaling" drop-down list in Acrobat or Reader's Print dialog box. (Hanyaloglu, 2007)

The size of the shoes may also be affected by the thickness of your interfacing and/or fabric.

The pattern sizes should match the following measurements upon printing:

Heel to Toe Length (in inches) (No seam included)  
Baby Shoes: Some exceptions may apply

Size 1 (0-3 mos.): 4.10"  
 Size 2 (3-6 mos.): 4.30"  
 Size 3 (6-9 mos.): 4.53"  
 Size 4 (9-12 mos.): 4.75"  
 Size 5 (12-18 mos.): 5"
