Thank you for purchasing a Lilac Lane e-pattern! I hope that you will enjoy this pattern immensely and make lots of dresses from it. Should you encounter any problems, please e-mail me at mstramel@melissastramel.com.

E-patterns are instant and fun. With a little bit of construction, you can quickly have your pattern ready to sew. Several pieces of this pattern need to be taped together to complete the pattern. You will need a program that opens pdf files, such as Adobe Acrobat. This is a free program, which you can download at adobe.com.

Very important: after hitting print, you must set page scaling to "none" to correctly print this pattern. After printing out the pages, make sure to measure the one inch boxes located throughout the pattern to ensure that the pattern printed at the right scale.

There are a total of 30 pattern pages.

The DRESS FRONT and DRESS BACK are each 10 pages. Each page is numbered and they need to be assembled as follows:

1,1	2,1
1,2	2,2
1,3	2,3
1,4	2,4
1,5	2,5

Additionally, the SLEEVE is three pages and the larger COLLAR and POCKET are each two.

1	2	3
---	---	---

1	2
---	---

Furthermore, each corner has a set of cross marks which should be lined up when you tape together the pages. A nice advantage of e-patterns is that you can print them over and over again. I do ask that you do not share this pattern with friends and family and instead honor my hard work by each buying a copy.

Take care! I'm sure this is a pattern you will *Cherish!*

Love,

XOXO
